SOFT SKILLS

Problem Solving | Teamwork | Time Management | Adaptability

Priyesh Shukla

Frontend Developer(React)

PROFESSIONAL SUMMARY

Accomplished and dedicated front-end developer skilled in HTML, CSS, JavaScript, and React.js. Experienced in both solo and collaborative projects. Possesses strong problem-solving abilities and effective teamwork skills. Committed to creating responsive, user-friendly web interfaces to deliver exceptional user experiences.

PROJECTS

1. KFC USA | ⊕ | 🎙
HTML5 | CSS3 | JavaScript
- Developed a responsive and interactive frontend for the USA KFC website using HTML, CSS, and JavaScript.
- Implemented intuitive navigation menus with dropdowns and hover effects to enhance user experience.
- Designed dynamic product displays featuring images, descriptions, and prices for better user engagement.
- Optimized the website for fast load times and smooth performance across various devices and browsers.
- Ensured cross-browser compatibility to deliver a consistent and exceptional user experience.

2. CraftsHub | ⊕ | 🎙
HTML5 | CSS3 | JavaScript | JSON Server
- Designed and developed user-friendly interfaces for CraftsHub using HTML5, CSS3, and JavaScript.
- Implemented customer Sign-Up & Login, along with admin login pages using HTML5 and CSS3 for user validation.
- Built an Admin Panel with CRUD operations, ensuring efficient management of products and orders.
- Integrated a functional Cart, Wishlist, and Checkout system to enhance the e-commerce experience.
- Ensured the application's responsiveness and cross-browser compatibility for an optimal user experience.
- Utilized JSON Server to simulate RESTful APIs for seamless data manipulation and integration.

3. Sundown Studio | ⊕ | 🎙
HTML | CSS3 | JavaScript
- Developed responsive design and interactive elements using HTML, CSS3, and JavaScript, ensuring seamless user experiences.
- Implemented smooth animations and intuitive navigation to enhance user engagement and interface usability.
- Optimized performance for fast load times, improving overall website speed across various devices.
- Ensured cross-browser compatibility, delivering uniform user experiences on multiple platforms.
- Conducted thorough testing and debugging to ensure high reliability and stability of the developed features.
